NEURONEXT NETWORK STANDARD OPERATING PROCEDURE FOR DATA COLLECTION AND DATA HANDLING

1. POLICY

This SOP provides guidance for NeuroNEXT Data Coordinating Center (DCC) staff regarding proper procedures for electronic data collection and electronic data handling to ensure confidence in the reliability, quality, and integrity of electronic data.

2. SCOPE

This SOP has been developed to be in alignment with federal regulations and Good Clinical Practices (GCP) as set forth in the 2016 Integrated Addendum to ICH E6(R1): Guideline for Good Clinical Practice E6(R2). The policies and procedures described in this SOP apply to the NeuroNEXT Clinical Coordinating Center (CCC) and DCC within the context of their oversight and advisory roles for the NeuroNEXT Network, and to all NeuroNEXT investigators, staff, subcontractors, or other entities associated with the NeuroNEXT Network who manage, oversee, and conduct research regulated by FDA and/or applicable review committees.

3. ROLES AND RESPONSIBILITY

The DCC is responsible for adhering to the procedures outlined in this SOP, and for ensuring that procedures are adhered to by individuals requesting data from the DCC.

7. TERMS AND ABBREVIATIONS

The following terms and abbreviations are used in this document:

CCC	Clinical Coordinating Center at Massachusetts General Hospital
Clinical Study Site (CSS)	Clinical site that conducts research for a NeuroNEXT protocol within or outside the Network
DCC	Data Coordinating Center at The University of Iowa
DM	Data Management Team at the DCC
IT	Information Technology Team at the DCC
Protocol Principal Investigator (PPI)	Principal Investigator of a NeuroNEXT protocol

8. SPECIFIC PROCEDURES

A. Data System Validation and Security

#	Who	Task	Attachment/Reference	Related SOP
1.	DCC DM and IT	Conduct verification testing and validation to help ensure and document that the electronic data capture system is validated for its intended use.		NN CS 702 NN DM 1001 NN DM 1003 NN DM 1004
2.	DCC IT	Ensure that the electronic data system is secured with restricted access.		NN CS 704
3.	DCC IT	Ensure that the electronic data system is appropriately backed-up and/or replicated.		NN CS 705

B. Electronic Data Collection

#	Who	Task	Attachment/Reference	Related SOP
1.	Study Team	Ensure that the clinical protocol, User Guides, and/or Manuals of Operation describe in detail all methods that are to be used for collecting, evaluating, changing, and submitting study data to the DCC.		

2.	DCC DM, IT, Study Team	Ensure that the same fundamental elements of data quality (attributable, legible, contemporaneous, original, and accurate) that are expected of paper records are incorporated into the electronic data system.		NN DM 1001 NN DM 1003 NN DM 1004
3.	DCC DM, IT, Study Team	Identify valid values or ranges, data types, skip-out relationships, and mandatory requirements that are to be checked by automated page validation systems.		NN CS 702
4.	DCC DM, IT, Study Team	Ensure that appropriate logic checks are programmed into the data entry system to help prevent entry of discrepant data.		NN CS 702
5.	DCC DM and Study Monitors	Ensure the accuracy and completeness of the electronic data collected.		
6.	DCC DM and Biostatisticians	Generate reports to identify missing data and to help ensure timely data entry.		
7.	DCC DM and Protocol Coordinators	Train individuals at the DCC and CSS (if applicable) in proper data collection and handling procedures via in-person or webinar training sessions, and document the training.		
8.	DCC DM and Protocol Coordinators	Instruct trainees in proper procedures for entering and/or changing data (if authorized to do so), navigating the study website, and utilizing all applicable modules related to data entry (e.g. Query System).		NN SS 402 NN PM 504 NN DM 1001
9.	DCC DM and Protocol Coordinators	Assign appropriate user roles after training has been completed and documented.		
10.	DCC IT, DM, and Protocol Coordination	Maintain a listing of the individuals who are authorized to enter and/or change data.		NN CS 704

C. Electronic Signatures and User Access

#	Who	Task	Attachment/Reference	Related SOP
1.	DCC Leadership	<p>Certify to the regulatory agency (FDA) that the electronic signatures in the DCC data systems are the legally binding equivalents of traditional handwritten signatures (as required by 21 CFR 11.100(c)).</p> <p>Submit certification (as set forth in 21 CFR 11.100) in paper form signed with a traditional handwritten signature to the Office of Regional Operations (HFC-100), 5600 Fishers Lane, Rockville, Maryland 20857.</p> <p>Submit certification prior to the use of electronic signatures, or at the time that the use of electronic</p>	21 CFR Part 11	NN CS 704

#	Who	Task	Attachment/Reference	Related SOP
		signatures is initiated. A single certification may cover all electronic signatures used by persons in a given organization.		
2.	DCC IT and Protocol Coordination	Instruct Users that they may only use their own passwords for gaining entry to the data system. Instruct Users that they may not share passwords with others. Instruct Users that they may not log on to the data system in order to provide access to other persons.		NN SS 402 NN PM 504 NN CS 704 NN DM 1001
3.		Instruct Users to log off of the data system when they leave their workstation. Create an automatic log off or other protection for periods of system inactivity to prevent unauthorized data entry.		NN SS 402 NN PM 504 NN CS 704 NN DM 1001

D. Query System

#	Who	Task	Attachment/Reference	Related SOP
1.	DCC DM	Maintain Query System Specifications, and update as needed.		NN DM 1004
2.	DCC IT, DM and/or Protocol Coordination	Make the module available to authorized users for resolving post submission data inconsistencies. Provide training to the Users.		NN SS 402 NN PM 504 NN CS 704 NN DM 1001
3.	DCC DM, IT, and Protocol Coordination	Create a listing (specifications) of desired error checks (i.e. inter-form and intra-form logic checks).		NN DM 1003 NN DM 1004
4.	DCC DM and/or Protocol Coordination	Modifications to Query System error checks (e.g. additions, deletions, changes) will be documented, and implementation will be managed through FogBugz® cases and procedures.		NN DM 1004
5.		Initiate error checks through the Query System on a regular basis according to the requirements for a study. Release error checks to clinical study sites as needed for resolution.		

E. Manage eCRF Status

#	Who	Task	Attachment/Reference	Related SOP
1.	DCC DM	Maintain Manage eCRF Status specifications.		NN DM 1004
2.	DCC IT and/or Protocol Coordination	Make this module available to authorized Users in order to manage the status of individual eCRFs and/or to mark entire visits as unobtainable. Provide training to the Users.		NN SS 402 NN PM 504 NN CS 704 NN DM 1001

#	Who	Task	Attachment/Reference	Related SOP
3.	DCC DM	Indicate in the specifications the possible statuses available for each form (i.e. Not started, Incomplete, Complete, Unobtainable, Deleted) based on the role of the User.		NN DM 1001

F. DCC Centralized Data Entry

#	Who	Task	Attachment/Reference	Related SOP
1.	DCC and CSS	CSS responsibilities and procedures regarding forms sent to the DCC for data entry will be described in the Manuals of Operations (or similar) for the protocols.		NN PM 503
2.	DCC	DCC responsibilities and procedures regarding centralized data entry at the DCC will be described in the study Data Management Plan or similar protocol manual or document.		
3.	DCC Protocol Coordination	All paper forms received at the DCC for data entry will be date-stamped and logged.		
4.	DCC Protocol Coordination	Perform a QC check of all data against the source documentation		
5.		Completion of data entry (first and/or second data entry) will be logged.		
6.		Second data entry of data for a form, if applicable, may not be completed by the person who entered the first set of data.		
7.		Data items that do not match after first and second entry will be compared, discrepancies will be resolved, and the corrected answer will be chosen.		
8.		The paper forms received by the DCC for data entry are subject to the same retention requirements as are all other data for the protocol.		NN CS 706

G. Electronic Data Transfer

#	Who	Task	Attachment/Reference	Related SOP
1.	DCC IT, DM	When a study requires that the DCC receive or send electronic data from an outside source, collaborate with the appropriate entity to develop a Data Transfer Agreement. This document specifies how and when the data will be transferred, the expected data format, and the expected filename.		
2.	DCC IT, DM	As part of the Data Transfer Agreement, or in a separate study document, obtain a Data Dictionary that provides a description of the specific data fields that are to be included in the data transfer.		
3.	DCC IT, DM	It is preferable to retrieve data through a secure file transfer protocol (FTP) site or another secure site. Depending on the requirements described in the Data Transfer Agreement, other methods may be used.		
4.	DCC	Archive the data file to the DCC file server.		

#	Who	Task	Attachment/Reference	Related SOP
5.		Import the data into the appropriate database.		
6.	DCC Protocol Coordination and/or DM	If applicable to a study, maintain a log (e.g. Excel spreadsheet) to track whether expected data have been received, and were received within the required timeframe.		
7.	DCC DM, Protocol Coordination, or Biostatistics	As appropriate to a study, generate and review reports to ensure that all expected data have been received and/or accounted for in the database.		
8.	DCC DM, Protocol Coordination, or Biostatistics	As appropriate to a study, generate and review reports to check the transferred data for discrepancies and for extreme values (if applicable).		

H. Data Change Requests

#	Who	Task	Attachment/Reference	Related SOP
1.	DCC	If, at any time, a request to change subject data is made by a clinical site, and it is NOT possible to make this change via post-complete change, Query System, or another electronic/automatic system, a Data Change Request form is required.	NN DM 1004-B	
2.		A Data Change Request form for the applicable study is completed, verified by the site, signed and dated by the Study Coordinator, and sent to the DCC.		
3.	DCC DM	The form is reviewed for completeness, logic, and for potential protocol deviations. The database is reviewed to confirm that the change has not already been made, and that it cannot be made through any other mechanism.		
4.		If a study uses paper CRFs as source documents, a copy of the corrected, applicable paper form must accompany the data change request (when possible).		
5.		All Data Change Request forms (and corrected paper forms, if applicable) are stored at the DCC by protocol, center, and subject.

Electronic Record and Signature Disclosure
--

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Insight OBO The Massachusetts General Hospital (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Insight OBO The Massachusetts General Hospital:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: jhenrique@mgh.harvard.edu

To advise Insight OBO The Massachusetts General Hospital of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at jhenrique@mgh.harvard.edu and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from Insight OBO The Massachusetts General Hospital

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to jhenrique@mgh.harvard.edu and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Insight OBO The Massachusetts General Hospital

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to jhenrique@mgh.harvard.edu and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

By selecting the check-box next to ‘I agree to use electronic records and signatures’, you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify Insight OBO The Massachusetts General Hospital as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by Insight OBO The Massachusetts General Hospital during the course of your relationship with Insight OBO The Massachusetts General Hospital.
