NEURONEXT NETWORK STANDARD OPERATING PROCEDURE FOR SITE INVOICING AND PAYMENTS

1. POLICY

For all NeuroNEXT Network funded studies, the Clinical Coordinating Center (CCC) will work with Data Coordinating Center (DCC) to generate site invoices based on study data entered via the Electronic Data Capture (EDC) system. The CCC will ensure that site invoices for work performed are submitted to each participating Clinical Study Site (CSS) on a quarterly basis unless another schedule is determined to be more appropriate for a particular study. The CCC will ensure that invoices are processed for payment after review by each CSS.

2. SCOPE

This SOP has been developed to be in alignment with federal regulations and Good Clinical Practices (GCP) as set forth in the 1996 ICH E6 Consolidated Guidance. The policies and procedures described in this SOP apply to the NeuroNEXT CCC and DCC within the context of their oversight and advisory roles for the NeuroNEXT Network, and to all NeuroNEXT investigators, staff, subcontractors, or other entities associated with the NeuroNEXT Network who manage, oversee, and conduct research regulated by FDA and/or applicable review committees.

3. ROLES AND RESPONSIBILITIES

The CCC is responsible for communicating the cost per procedure, developed in collaboration with the PPI and funded by the NINDS, to the DCC for each NeuroNEXT study.

The DCC is responsible for programming the Electronic Data Capture (EDC) system to generate invoices based on data entered into the system, using the study-specific costs communicated by the CCC.

The DCC will run invoices for each NeuroNEXT study every 2 – 3 months, or as needed. Once generated, the DCC will send invoices to the CCC for review. After the invoices have been reviewed for accuracy, the CCC will send the invoices to each CSS to confirm anticipated payment.

Each CSS is responsible for reviewing the invoice and communicating questions to the CCC within 10 business days of receipt of the preliminary invoice.

The CCC is responsible for commencing the processing of payments to each CSS on or after the 11th business day following receipt of the preliminary invoice at the CSS, unless there is an unresolved discrepancy that is still under review.

The CCC, DCC, and CSS are responsible for resolving any discrepancies that are noted on invoices.

The CCC is responsible for processing payments to each CSS once outstanding discrepancies are resolved.

4. APPLICABLE REGULATIONS AND GUIDELINES

ICH E6, 5.8 Compensation to Subjects and Investigators
ICH E6, 5.9 Financing
42 CFR 50, Subpart F Responsibility of Applicants for Promoting Objectivity in Research for Which PHS Funding is Sought
45 CFR 92 Uniform Administrative Requirements for Grants and Cooperative Agreements to State, Local, and Tribal Governments
